

# Multicultural Banking Center

*To best serve the entire community, we have  
created several Banking Centers across the company!*

banking for good

Member FDIC

FirstBank is committed to providing banking services to the entire community. To better serve our community, we have created the Multicultural Banking Initiative. The Multicultural Banking Initiative is being led by the Multicultural Banking Center located at the FirstBank Belmar Branch (Wadsworth & W Virginia Ave) in Lakewood, CO. We are currently focused on expanding our relationships in the Hispanic, Asian, and Black/African American communities.

We have found we are most successful when providing banking services in our customers' preferred language, with an understanding of their cultural background. We have been successful in hiring diverse staff with multiple language skills, including Spanish, Mandarin, Cantonese, Vietnamese, Korean, and Ethiopian dialects. We are also working to increase our presence in the Hispanic, Asian, and Black/African American communities through educational offerings, donations, sponsorships, and event attendance.
